ABOUT ME

Hi, I'm Rahamath Nisha, a passionate Frontend Developer with a creative twist. When I'm not coding, you can find me stitching dresses, combining art and technology. Recently, I successfully developed and deployed my own web application using AWS. My goal is to become a skilled Full Stack Developer, driving innovation and growth while achieving financial stability. I'm excited to continue learning, exploring new technologies, and pushing the boundaries of what's possible.
